

TYPES OF JUDGING

FACE-TO-FACE JUDGING

Face-to-Face judging is a semi-private discussion between the judge and the exhibitor pertaining to all his/her exhibits in a division or department without regard to other items in the class.

DANISH JUDGING

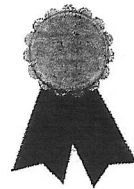

Several exhibitors gather at one time with their project items/animals. The judge briefly discusses each exhibit with the exhibitor. The judge uses the information in making the placings. The judge must follow the Danish guideline for distribution of awards. This means that all exhibits are roughly divided into quarters when given ribbons. Example: 12 exhibits—you should see 3 Blue, 3 Red, 3 White and 3 Pink.

STRAIGHT STYLE JUDGING

The judge has little or no knowledge of the relative inputs of the exhibitor. He/She must make decisions based on the article in front of her. Only 4 placings are awarded per Lot No.—1 Blue, 1 Red, 1 White and 1 Pink.
